

Technical Information

Product: LANDROVER Programming Software

Part No.: LANDROVER Programming Software

Version: 2015.07

Description: Version update notes

Date: 2015/07/13			Page: 1/3
-------------------------	--	--	------------------

Update Version 2015.07

1. Model Range Rover, Year 2007~2009, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Ride Level Module (RLM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM) systems
2. Model Range Rover, Year 2010~2012, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Ride Level Module (RLM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC), Rear Heating Ventilation and Air Conditioning Control Module (RHVAC) systems
3. Model New Range Rover, Year 2013~2014, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Chassis Control Module (CHCM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC), Rear Heating Ventilation and Air Conditioning Control Module (RHVAC), Front Controls Interface Module (FCIM), Front Control / Display Interface Module (FCDIM) systems
4. Model Discovery 3, Year 2005~2009, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), All Terrain Control Module (ATCM), Restraints Control Module (RCM), Ride Level Module (RLM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC) systems
5. Model Discovery 4, Year 2010~2013, Programming New Module function, increase support

Technical Information

Product: LANDROVER Programming Software

-------------------------	--	--	------------------

to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Ride Level Module (RLM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC), Front Controls Interface Module (FCIM), Front Control / Display Interface Module (FCDIM) systems

6. Model Freelander II, Year 2007~2010, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Rear Differential Control Module (RDCM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC) systems
7. Model Freelander II, Year 2011~2012, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Rear Differential Control Module (RDCM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC) systems
8. Model Freelander II, Year 2013, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC) systems
9. Model Range Rover Sport, Year 2006~2009, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Vehicle Dynamic Module (VDM), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Ride Level Module (RLM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC) systems
10. Model Range Rover Sport, Year 2010~2011, Programming New Module function, increase

support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Ride Level Module (RLM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC) systems

11. Model Range Rover Sport, Year 2012~2013, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Ride Level Module (RLM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC) systems
12. Model New Range Rover Sport, Year 2014, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Chassis Control Module (CHCM), Transfer Case Control Module (TCCM), Rear Differential Control Module (RDCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC), Rear Heating Ventilation and Air Conditioning Control Module (RHVAC), Front Controls Interface Module (FCIM), Front Control / Display Interface Module (FCDIM) systems
13. Model Range Rover Evoque, Year 2012~2014, Programming New Module function, increase support to Powertrain Control Module (PCM), Transmission Control Module (TCM), Anti-lock Braking System (ABS), Restraints Control Module (RCM), All Terrain Control Module (ATCM), Adaptive Damping Control Module (ADCM), Parking Brake Module (PBM), Steering Angle Sensor Module (SASM), Parking Assist Control Module (PAM), Heating Ventilation and Air Conditioning Control Module (HVAC), Front Control / Display Interface Module (FCDIM) systems
