

技術通報

Product: LANDROVER Software

Part No.: LANDROVER Software

Version: 2015.12

Description: Version update notes

Date: 2015/12/03	From: AUTOLAND SCIENTECH Taiwan	Page: 1/5
-------------------------	--	------------------

Version upgrade to 2015.12

1. Model Range Rover Evoque, Parking aid control module / Parking assist control module, improve Link Failure problem
2. Model New Range Rover Diesel V8 4.4L, Year 2014~2015, increase Powertrain - Transmission control module adaption clear / Powertrain - Diesel particulate filter replacement / Powertrain - Fuel lift pump / Powertrain - Fuel pump supply - Enable/disable / Powertrain set-up - Reset water in fuel detection / Powertrain set-up - Throttle valve actuator / Powertrain set-up - Turbine shut-off valve / Powertrain set-up - Exhaust gas recirculation valve / Powertrain set-up - Injector replacement / Powertrain set-up - Oxygen sensor / Powertrain set-up - Oxidation catalyst / Powertrain set-up - Diesel particulate filter differential pressure sensor replacement / Powertrain set-up - Diesel fueling adaption re-initialization / Suspension system - Height calibration / Suspension system - Set/Un-Set air suspension manufacturing/freeze mode / Suspension system - Set/Un-Set air suspension geometry set-up / Suspension system - Set/Un-Set air suspension tight tolerance mode(headlamp setting) / Suspension system - Air suspension deflation / Suspension system - Air suspension inflation / Rear differential control module - Control module calibration / Parking brake - Longitudinal accelerometer calibration / Brake system - Brake bleed / Body systems - Sunroof calibration / Body systems - Valet mode reset / Body systems - Power steering soft-lock end stops reset routine / Body systems - Upper - rear tailgate/trunk calibration / Body systems - Lower - rear tailgate/trunk calibration / Body systems - Steering column calibration / Seats - Driver's seat calibration / Seats - Passenger's seat calibration / Seats - Seat cover replacement / Seats - Rear seat - Calibration - Right / Seats - Rear seat - Calibration - Lift / Image processing module camera's - Camera auto learn routine / Battery - Battery replacement / Tire pressure monitor system - Tire pressure sensor replacement / Lighting - Automatic high beam camera calibration / Body systems - Roof blind - Calibration / Body systems - Ignition cycle counter reset / Transfer Case - Motor replacement / Transfer Case - Transfer case replacement / Transfer Case - Solenoid replacement / Transfer case - Absolute position sensor replacement / Telematics control module - Telematics control module battery replacement reset / Telematics control module - Reset/clear WiFi hotspot / Security immobilization / Special applications - Transportation mode / Heating and ventilation - Stepper motor initialisation / Heating and ventilation - Reset compressor protection counter
3. Model New Range Rover Diesel V6 3.0L engine, Year 2014~2015, increase Powertrain - Transmission control module adaption clear / Powertrain - Diesel particulate filter replacement / Powertrain - Fuel lift

-------------------------	--	------------------

pump / Powertrain - Fuel pump supply - Enable/disable / Powertrain set-up - Reset water in fuel detection / Powertrain set-up - Throttle valve actuator / Powertrain set-up - Turbine shut-off valve / Powertrain set-up - Exhaust gas recirculation valve / Powertrain set-up - Injector replacement / Powertrain set-up - Oxygen sensor / Powertrain set-up - Oxidation catalyst / Powertrain set-up - Diesel particulate filter differential pressure sensor replacement / Powertrain set-up - Diesel fueling adaption re-initialization / Suspension system - Height calibration / Suspension system - Set/Un-Set air suspension manufacturing/freeze mode / Suspension system - Set/Un-Set air suspension geometry set-up / Suspension system - Set/Un-Set air suspension tight tolerance mode(headlamp setting) / Suspension system - Air suspension deflation / Suspension system - Air suspension inflation / Rear differential control module - Control module calibration / Parking brake - Longitudinal accelerometer calibration / Brake system - Brake bleed / Body systems - Sunroof calibration / Body systems - Valet mode reset / Body systems - Power steering soft-lock end stops reset routine / Body systems - Upper - rear tailgate/trunk calibration / Body systems - Lower - rear tailgate/trunk calibration / Body systems - Steering column calibration / Seats - Driver's seat calibration / Seats - Passenger's seat calibration / Seats - Seat cover replacement / Seats - Rear seat - Calibration - Right / Seats - Rear seat - Calibration - Lift / Image processing module camera's - Camera auto learn routine / Battery - Battery replacement / Tire pressure monitor system - Tire pressure sensor replacement / Lighting - Automatic high beam camera calibration / Body systems - Roof blind - Calibration / Body systems - Ignition cycle counter reset / Transfer Case - Motor replacement / Transfer Case - Transfer case replacement / Transfer Case - Solenoid replacement / Transfer case - Absolute position sensor replacement / Telematics control module - Telematics control module battery replacement reset / Telematics control module - Reset/clear WiFi hotspot / Security immobilization / Special applications - Transportation mode / Heating and ventilation - Stepper motor initialisation / Heating and ventilation - Reset compressor protection counter

4. Model New Range Rover Normally aspirated V8 5.0L engine, Year 2014~2015, increase Powertrain - Powertrain control module adaption clear / Powertrain - Transmission control module adaption clear / Powertrain - Fuel prime routine / Powertrain - Throttle valve actuator replacement / Powertrain - Fuel pump supply - Enable/disable / Suspension system - Height calibration / Suspension system - Set/Un-Set air suspension manufacturing/freeze mode / Suspension system - Set/Un-Set air suspension geometry set-up / Suspension system - Set/Un-Set air suspension tight tolerance mode(headlamp setting) / Suspension system - Air suspension deflation / Suspension system - Air suspension inflation / Rear differential control module - Control module calibration / Parking brake - Longitudinal

accelerometer calibration / Brake system - Brake bleed / Body systems - Sunroof calibration / Body systems - Valet mode reset / Body systems - Power steering soft-lock end stops reset routine / Body systems - Upper - rear tailgate/trunk calibration / Body systems - Lower - rear tailgate/trunk calibration / Body systems - Steering column calibration / Seats - Driver's seat calibration / Seats - Passenger's seat calibration / Seats - Seat cover replacement / Seats - Rear seat - Calibration - Right / Seats - Rear seat - Calibration - Lift / Image processing module camera's - Camera auto learn routine / Battery - Battery replacement / Tire pressure monitor system - Tire pressure sensor replacement / Lighting - Automatic high beam camera calibration / Body systems - Roof blind - Calibration / Body systems - Ignition cycle counter reset / Transfer Case - Motor replacement / Transfer Case - Transfer case replacement / Transfer Case - Solenoid replacement / Transfer case - Absolute position sensor replacement / Telematics control module - Telematics control module battery replacement reset / Telematics control module - Reset/clear WiFi hotspot / Security immobilization / Special applications - Transportation mode / Heating and ventilation - Stepper motor initialisation / Heating and ventilation - Reset compressor protection counter

5. Model New Range Rover Supercharged V8 5.0L engine, Year 2014~2015, increase Powertrain - Powertrain control module adaption clear / Powertrain - Transmission control module adaption clear / Powertrain - Fuel prime routine / Powertrain - Throttle valve actuator replacement / Powertrain - Fuel pump supply - Enable/disable / Suspension system - Height calibration / Suspension system - Set/Un-Set air suspension manufacturing/freeze mode / Suspension system - Set/Un-Set air suspension geometry set-up / Suspension system - Set/Un-Set air suspension tight tolerance mode(headlamp setting) / Suspension system - Air suspension deflation / Suspension system - Air suspension inflation / Rear differential control module - Control module calibration / Parking brake - Longitudinal accelerometer calibration / Brake system - Brake bleed / Body systems - Sunroof calibration / Body systems - Valet mode reset / Body systems - Power steering soft-lock end stops reset routine / Body systems - Upper - rear tailgate/trunk calibration / Body systems - Lower - rear tailgate/trunk calibration / Body systems - Steering column calibration / Seats - Driver's seat calibration / Seats - Passenger's seat calibration / Seats - Seat cover replacement / Seats - Rear seat - Calibration - Right / Seats - Rear seat - Calibration - Lift / Image processing module camera's - Camera auto learn routine / Battery - Battery replacement / Tire pressure monitor system - Tire pressure sensor replacement / Lighting - Automatic high beam camera calibration / Body systems - Roof blind - Calibration / Body systems - Ignition cycle counter reset / Transfer Case - Motor replacement / Transfer Case - Transfer case replacement / Transfer Case - Solenoid replacement / Transfer case - Absolute position sensor

replacement / Telematics control module - Telematics control module battery replacement reset / Telematics control module - Reset/clear WiFi hotspot / Security immobilization / Special applications - Transportation mode / Heating and ventilation - Stepper motor initialisation / Heating and ventilation - Reset compressor protection counter

6. Model New Range Rover Supercharged V6 3.0L engine, Year 2014~2015, increase Powertrain - Powertrain control module adaption clear / Powertrain - Transmission control module adaption clear / Powertrain - Fuel prime routine / Powertrain - Throttle valve actuator replacement / Powertrain - Fuel pump supply - Enable/disable / Suspension system - Height calibration / Suspension system - Set/Un-Set air suspension manufacturing/freeze mode / Suspension system - Set/Un-Set air suspension geometry set-up / Suspension system - Set/Un-Set air suspension tight tolerance mode(headlamp setting) / Suspension system - Air suspension deflation / Suspension system - Air suspension inflation / Rear differential control module - Control module calibration / Parking brake - Longitudinal accelerometer calibration / Brake system - Brake bleed / Body systems - Sunroof calibration / Body systems - Valet mode reset / Body systems - Power steering soft-lock end stops reset routine / Body systems - Upper - rear tailgate/trunk calibration / Body systems - Lower - rear tailgate/trunk calibration / Body systems - Steering column calibration / Seats - Driver's seat calibration / Seats - Passenger's seat calibration / Seats - Seat cover replacement / Seats - Rear seat - Calibration - Right / Seats - Rear seat - Calibration - Lift / Image processing module camera's - Camera auto learn routine / Battery - Battery replacement / Tire pressure monitor system - Tire pressure sensor replacement / Lighting - Automatic high beam camera calibration / Body systems - Roof blind - Calibration / Body systems - Ignition cycle counter reset / Transfer Case - Motor replacement / Transfer Case - Transfer case replacement / Transfer Case - Solenoid replacement / Transfer case - Absolute position sensor replacement / Telematics control module - Telematics control module battery replacement reset / Telematics control module - Reset/clear WiFi hotspot / Security immobilization / Special applications - Transportation mode / Heating and ventilation - Stepper motor initialisation / Heating and ventilation - Reset compressor protection counter
7. Model New Range Rover Hybrid 3.0L engine, Year 2014~2015, increase Powertrain - Transmission control module adaption clear / Powertrain - Diesel particulate filter replacement / Powertrain - Fuel lift pump / Powertrain - Fuel pump supply - Enable/disable / Powertrain set-up - Reset water in fuel detection / Powertrain set-up - Throttle valve actuator / Powertrain set-up - Turbine shut-off valve / Powertrain set-up - Exhaust gas recirculation valve / Powertrain set-up - Injector replacement / Powertrain set-up - Oxygen sensor / Powertrain set-up - Oxidation catalyst / Powertrain set-up - Diesel

particulate filter differential pressure sensor replacement / Powertrain set-up - Diesel fueling adaption re-initialization / Suspension system - Height calibration / Suspension system - Set/Un-Set air suspension manufacturing/freeze mode / Suspension system - Set/Un-Set air suspension geometry set-up / Suspension system - Set/Un-Set air suspension tight tolerance mode(headlamp setting) / Suspension system - Air suspension deflation / Suspension system - Air suspension inflation / Rear differential control module - Control module calibration / Parking brake - Longitudinal accelerometer calibration / Brake system - Brake bleed / Body systems - Sunroof calibration / Body systems - Valet mode reset / Body systems - Power steering soft-lock end stops reset routine / Body systems - Upper - rear tailgate/trunk calibration / Body systems - Lower - rear tailgate/trunk calibration / Body systems - Steering column calibration / Seats - Driver's seat calibration / Seats - Passenger's seat calibration / Seats - Seat cover replacement / Seats - Rear seat - Calibration - Right / Seats - Rear seat - Calibration - Lift / Image processing module camera's - Camera auto learn routine / Battery - Battery replacement / Tire pressure monitor system - Tire pressure sensor replacement / Lighting - Automatic high beam camera calibration / Body systems - Roof blind - Calibration / Body systems - Ignition cycle counter reset / Transfer Case - Motor replacement / Transfer Case - Transfer case replacement / Transfer Case - Solenoid replacement / Transfer case - Absolute position sensor replacement / Telematics control module - Telematics control module battery replacement reset / Telematics control module - Reset/clear WiFi hotspot / Security immobilization / Special applications - Transportation mode / Heating and ventilation - Stepper motor initialisation / Heating and ventilation - Reset compressor protection counter

8. Model Discovery 4, Year 2012~2013, increase Special applications - Transportation mode
9. Model Discovery 4, Year 2014~2015, increase Special applications - Transportation mode
10. Model Freelander II(LR2), Year 2007~2010, increase Special applications - Transportation mode
11. Model Freelander II(LR2) Petrol GTDI 2.0L engine, Year 2011~2012, increase Special applications - Transportation mode
12. Model Freelander II(LR2), Year 2013~2015, increase Special applications - Transportation mode
13. Model Range Rover Evoque, Year 2014~2015, increase Special applications - Transportation mode
14. Model Range Rover Sport, Year 2012~2013, increase Special applications - Transportation mode
15. Model New Range Rover, Year 2013, increase Special applications - Transportation mode
16. Model New Range Rover sport, Year 2014~2015, increase Special applications - Transportation mode
