

技術通報

Product: JAGUAR Software

Part No.: JAGUAR Software

Version: 2016.04

Description: Version update notes

Date: 2016/04/17	From: AUTOLAND SCIENTECH Taiwan	Page: 1/7
-------------------------	--	------------------

Version upgrade to 2016.04

1. Model XE-TYPE Supercharged V6 3.0L Engine, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Speed control module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module/Parking assist control module / All terrain control module / Steering angle sensor module / Tire pressure monitor module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Side object detection control module – left / Side object detection control module – right / Satellite radio module / Rear gate (trunk) module / Tow bar module / Telematics control unit / Passenger rear door control module / Driver rear door control module / Power steering control module / Audio front control module / Digital audio broadcast module / Audio amplifier module / Front control/display interface module(high level display front) / Front controls interface module 'B' / Gateway module / Navigation control module / Auxiliary control module / Phone connect and view / Heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream
2. Model XE-TYPE Supercharged V6 3.0L Engine, Year 2016, increase Special application – Service interval reset / Powertrain – Oil service counter reset / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
3. Model XE-TYPE Petrol GTDi 2.0L Engine, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Speed control module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module/Parking assist control module / All terrain control module / Steering angle sensor module / Tire pressure monitor module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Side object detection control module – left / Side object detection control module – right / Satellite radio module / Rear gate (trunk) module / Tow bar module / Telematics control unit / Passenger rear door control module / Driver rear door control module / Power steering control module / Audio front control module / Digital audio broadcast module / Audio amplifier module / Front control/display interface module(high level display front) / Front controls interface module 'B' / Gateway module / Navigation control module / Auxiliary control module / Phone

connect and view / Heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream

4. Model XE-TYPE Petrol GTDi 2.0L Engine, Year 2016, increase Special application – Service interval reset / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
5. Model XE-TYPE Diesel I4 2.0L Engine, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Speed control module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module/Parking assist control module / All terrain control module / Steering angle sensor module / Tire pressure monitor module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Side object detection control module – left / Side object detection control module – right / Satellite radio module / Rear gate (trunk) module / Tow bar module / Telematics control unit / Passenger rear door control module / Driver rear door control module / Power steering control module / Audio front control module / Digital audio broadcast module / Audio amplifier module / Front control/display interface module(high level display front) / Front controls interface module 'B' / Gateway module / Navigation control module / Auxiliary control module / Phone connect and view / Heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream
6. Model XE-TYPE Diesel I4 2.0L Engine, Year 2016, increase Special application – Service interval reset / Powertrain – Oil service counter reset / Powertrain – Diesel particulate filter dynamic regeneration / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
7. Model XF-TYPE Supercharged V6 3.0L Engine, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Speed control module / Transfer case control module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module/Parking assist control module / All terrain control module / Steering angle sensor module / Tire pressure monitor module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Passenger's seat module / Side object detection control module – left / Side object detection control module – right / Rear gate (trunk) module / Tow bar module / Telematics control unit / Passenger rear door control

module / Driver rear door control module / Power steering control module / Audio front control module / Audio amplifier module / Front controls interface module 'B' / Gateway module / Auxiliary control module / Heating ventilation and air conditioning control module / Rear heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream

8. Model XF-TYPE Supercharged V6 3.0L Engine, Year 2016, increase Special application – Service interval reset / Powertrain – Oil service counter reset / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
9. Model XF-TYPE Petrol GTDi 2.0L Engine, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Speed control module / Transfer case control module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module/Parking assist control module / All terrain control module / Steering angle sensor module / Tire pressure monitor module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Passenger's seat module / Side object detection control module – left / Side object detection control module – right / Rear gate (trunk) module / Tow bar module / Telematics control unit / Passenger rear door control module / Driver rear door control module / Power steering control module / Audio front control module / Audio amplifier module / Front controls interface module 'B' / Gateway module / Auxiliary control module / Heating ventilation and air conditioning control module / Rear heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream
10. Model XF-TYPE Petrol GTDi 2.0L Engine, Year 2016, increase Special application – Service interval reset / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
11. Model XF-TYPE Diesel I4 2.0L Engine, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Speed control module / Transfer case control module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module/Parking assist control module / All terrain control module / Steering angle sensor module / Tire pressure monitor module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Passenger's seat module / Side object detection control module – left / Side object detection control module – right / Rear gate (trunk) module

/ Tow bar module / Telematics control unit / Passenger rear door control module / Driver rear door control module / Power steering control module / Audio front control module / Audio amplifier module / Front controls interface module 'B' / Gateway module / Auxiliary control module / Heating ventilation and air conditioning control module / Rear heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream

12. Model XF-TYPE Diesel I4 2.0L Engine, Year 2016, increase Special application – Service interval reset / Powertrain – Oil service counter reset / Powertrain – Diesel particulate filter dynamic regeneration / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
13. Model XF-TYPE Diesel V6, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Speed control module / Transfer case control module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module / Parking assist control module / All terrain control module / Steering angle sensor module / Tire pressure monitor module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Passenger's seat module / Side object detection control module – left / Side object detection control module – right / Rear gate (trunk) module / Tow bar module / Telematics control unit / Passenger rear door control module / Driver rear door control module / Power steering control module / Audio amplifier module / Front controls interface module 'B' / Gateway module / Auxiliary control module / Heating ventilation and air conditioning control module / Rear heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream
14. Model XF-TYPE Diesel V6, Year 2016, increase Special application – Service interval reset / Powertrain – Oil service counter reset / Powertrain – Diesel particulate filter dynamic regeneration / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
15. Model F-TYPE Supercharged V8 5.0L Engine, 2014~2015 年, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module / Parking assist control module / Parking brake control module / All terrain control module / Rear differential control module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Headlamp control module / Headlamp control module 'B' / Body

control module / Driver's door module / Driver's seat module / Passenger's door module / Passenger's seat module / Folding top control module / Side object detection control module – left / Side object detection control module – right / Satellite radio module / Rear gate (trunk) module / Folding top control module B / Audio front control module / Digital audio broadcast module / Audio amplifier module / Front control/display interface module (high level display front) / Front controls interface module 'B' / Gateway module / Image processing module 'B' / Television module / Phone connect and view / Heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream

16. Model F-TYPE Supercharged V8 5.0L Engine, 2014~2015 年, increase Special application – Service interval reset / Powertrain – Oil service counter reset / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
17. Model F-TYPE Supercharged V6 3.0L Engine, 2014~2015 年, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Vehicle immobilizer control module / Anti-lock braking system / Parking aid control module/Parking assist control module / Parking brake control module / All terrain control module / Rear differential control module / Chassis control module / Restraints control module / Restraints occupant classification system module / Instrument cluster control module / Headlamp control module / Headlamp control module 'B' / Body control module / Driver's door module / Driver's seat module / Passenger's door module / Passenger's seat module / Folding top control module / Side object detection control module – left / Side object detection control module – right / Satellite radio module / Rear gate (trunk) module / Folding top control module B / Audio front control module / Digital audio broadcast module / Audio amplifier module / Front control/display interface module (high level display front) / Front controls interface module 'B' / Gateway module / Image processing module 'B' / Television module / Phone connect and view / Heating ventilation and air conditioning control module, function include Read / Clear Fault Code, Data Stream
18. Model F-TYPE Supercharged V6 3.0L Engine, 2014~2015 年, increase Special application – Service interval reset / Powertrain – Oil service counter reset / Parking brake – Parking brake release to the service position / Parking brake – Parking brake pad replacement – Exit maintenance mode application functions
19. Model F-TYPE Supercharged V8 5.0L Engine, Year 2016, increase Powertrain control module / Transmission control module / Gear shift module / Keyless vehicle module / Transfer case control
