

TC005

The Dark Has No Secrets

The TC005 is a handheld thermal camera that measures an expansive temperature range. From -20°C to 550°C (-4°F to +1022°F), and offers a 12-hour runtime. The high-resolution 256*192 pixel infrared camera allows you to say goodbye to blurry images. The tool is ready for analysis with the standalone and the PC modes, enabling users to project and upload images from the TC to their PC. Added benefits of the TC005 include seven options for Pseudo-Color Display, a 2-megapixel visible light camera for overlapping images, and a picture-in-picture mode.

With IP54 water protection and a 2 meter (6.6 ft.) drop-proof design, the TC005 provides a simple, professional and efficient solution for electrical diagnosis, home maintenance, mechanical equipment maintenance, construction inspection, agriculture, forestry, and care of livestock.
